I heard you whisper you were sorry,  
Well I pretend it's me asleep.  
I felt your teardrops on my chest,  
Your inconsistent breath,  
Thought to myself that I'm to blame.  
And as I lay there breathing softly,  
I felt your hand placed on my neck.  
And as I lay there slowly dying,  
I came to realize that after tonight things won't be the same.

Because there's a whole world dying,  
And I'm no different.  
Well I can't be different.

Well there's a whole world dying,  
And I'm no different.  
Well I can't be different.

I wish I knew what you were thinking.  
I wish I lived inside your head.  
And I grabbed your hand placed it in mine,  
I turned and gave smile,  
And convinced myself we would be just fine.

Oh there's a whole world dying,  
And I'm no different.  
Well I can't be different.

And there's a whole world dying  
And I'm no different.  
Well I can't be different.

I wish you could see my heart,  
'Cause this love runs deep from here Georgia(?).  
And I knew it from the start,  
I should have kept up with those things I used to tell ya.

Oh but now that you're gone,  
There's a whole world dying,  
And I'm no different.  
Well I can't be different.

Oh there's a whole world dying,  
And I'm no different.  
Well I can't be different.

And uh there's a whole world dying  
(Everywhere you look somebody's dying.)  
(Everywhere you look somebody's dying.)  
And I'm no different,  
Well I can't be different.

And uh there's a whole world dying  
(Everywhere you look somebody's dying.)  
(Everywhere you look somebody's dying.)  
And I'm no different,  
Well I can't be different.
