I heard the word goin' 'round town  
They say that you're makin' a fool out of me  
Baby it took me some time to come around  
To realise you were not what you seemed  
Each day's passin', the clock's been my friend  
Help me get back on my feet again

Like the button off-a my shirt, just an every day  
distraction  
You'd be over reactin' if you think that I still hurt  
Your just a button off-a my shirt and someday I will  
replace you  
I don't care what I have lost, you got what you deserve

I was down, down, down, I was down

I'm not the first and I won't be the last  
To make the mistake of believin' in you  
I don't intend to live in the past  
Just like they say, some you win, some you lose  
You never loved me and you made it plain  
Now it's my turn and I'm playin' your game

Like the button off-a my shirt, just an every day  
distraction  
You'd be over reactin' if you think that I still hurt  
You're just a button off-a my shirt and someday I will  
replace you  
I don't care what I have lost, you got what you deserve  
Love and affection - you started  
Changing direction - you threw it away-ay (down, down,  
down)  
Girl you threw it away (down, down, down)

You never loved me and you made it plain  
Now it's my turn to make you understand

Like the button off-a my shirt, just an every day  
distraction  
You'd be over reactin' if you think that I still hurt  
You're just a button off-a my shirt and someday I will  
replace you

I don't care what I have lost, you got what you deserve

Like the button off-a my shirt, just an every day  
distraction

You'd be over reactin' if you think that I still hurt  
You're just a button off-a my shirt and someday I will  
replace you

I don't care what I have lost, you got what you deserve

Like the button off-a my shirt, just an every day  
distraction

You'd be over reactin' if you think that I still hurt  
You're just a button off-a my shirt and someday I will  
replace you
