All things come to those who wait
Sometimes they just come too late
And if we never speak again
I don't wanna make that mistake

We never seem to find
The place or time
To say what's on our minds, so

Tell me everything now
Don't leave anything out
I'll tell you all my fears, my mistakes
Before it's too late

I don't wanna wake up one day
Wondering if I shied away
From something that once seemed so hard
One thing that's so simple to say

Why do you always hide
Your tears when you cry?
Isn't it time you try to

Tell me everything now
Don't leave anything out
I'll tell you all my fears, my mistakes
Before it's too late

Before it's too late
Before it's too late

Tell me everything now
Don't leave anything out
I'll tell you all my fears
My mistakes, before it's too late

Before it's too late
No, no, no, no
Before it's too late
