Ohhh no

Everybody needs affection
Looking for a deep connection
So put a little bit of love in my life today
Everybody needs some shelter
Spend a little time together
Come into my arms
Let them tell you what I want to say

Color my world
Draw on my heart
Take a picture of what you think love looks like
in your imagination
Write on my soul
Everything you know
Use every word you've ever heard
To color my world

I've had enough of not believing
Living life without a meaning
I want something real and I feel it when I'm next
to you
Let's build a house of love and devotion
A window to my heart's emotion
'Til the very end
It's the place I'm gonna keep you in, baby please just

Color my world
Draw on my heart
Take a picture of what you think love looks like

in your imagination
Write on my soul
Everything you know
Use every word you've ever heard
To color my world

Color my world, yea
Let's make a world for you and me
That were never gonna leave, yea
Color my world

Why won't you color my world
Draw on my heart, yeah
Take a picture of what you think love looks like
in your imagination
Write on my soul (write on my soul)
Everything you know
Use every word you've ever heard
To color my world

Ooooh ooooh, oooooh ooooh ooh
Won't you do it
Won't you color my world
Ooooh ooooh, oooooh ooooh ooh
Use every word you've ever heard
To color my world
Everybody needs affection
Looking for a deep connection
Oh, color my world
