So much to say, but where do I start
Would you listen if I spoke from the heart
It's simple things, that keep us apart
You know it doesn't have to be this way

Can't you hear it in my voice?
(Oh baby)
Gotta listen when I say

Don't let me go when I'm this low
Why can't we talk about it?
Why can't we figure it out?
I wanna know as people grow
How do they sort it all out?
Work out what love is about?
So tell me now yeah I've gotta know
When this feeling I've got won't let go

Some people stop, and some people stare
I'm hearing whispers that you no longer care
Should I stay, should I turn away
Stop playing games now you know it's not fair oh baby

Can't you hear it in my voice?
(Oh baby)
Gotta listen when I say

Don't let me go when I'm this low

Why can't we talk about it?
Why can't we figure it out?
I wanna know as people grow
How do they sort it all out?
Work out what love is about?
So tell me now yeah I've gotta know
When this feeling I've got won't let go

You make me think I've got this feeling for you
I've tried so hard, won't you listen to me?
(Listen to me)
'Cause we can make it we can see this through
Let me start by telling you

Don't let me go when I'm this low
Why can't we talk about it?
Why can't we figure it out?
I wanna know as people grow
How do they sort it all out?
Work out what love is about

Don't let me go when I'm this low
Why can't we talk about it?
Why can't we figure it out?
I wanna know as people grow
How do they sort it all out?
Work out what love is about
So tell me now yeah I've gotta know
When this feeling I've got won't let go
Don't let me go
