Here Come The Good Times
It's been a long time since the USA,
We've come this far, now we're going all the way.

With Keane to lead us, there is nothing to fear
This time 2002 is going to be our year
We all believe in the Irish team
We all believe in Mick McCarthy's dream

Here come the good times
Here come the good times
Here come the good times, Ireland, Ireland.

With the ball at our feet, we shoot, we score
This a time we'll celebrate, we'll hear the Irish roar,
We dream of goals in the Rising Sun,
An Irish name on each and every one,
Win, lose or draw, stand up for the team,
Let's make ourselves heard, let's shout, let's scream,

Here come the good times,
Here come the good times,
Here come the good times, Ireland, Ireland

It's good to hear the cheers again,
It's good to see ya wearin' green again,
It's good to hear the singing one more time,
Here come the good times.....
