"I Don't Wanna Fight No More"

Visit "[I Don't Wanna Fight No More](#)" on MotoLyrics.com

I can't sleep
Everything I ever knew
Is a lie
Without you
I can't breathe
When my heart is broke in two
There's no beat
Without you
You're not gone, but you're not here
Is that's the way it seems tonight
If we could try to end these wars
I know that we can make it right
'Cause baby

I don't wanna fight no more
I forgot what we were fightin' for
And this loneliness that's in my heart
Won't let me be apart from you
I don't wanna have to try
Girl to live without you in my life
So I'm hopin' we can start tonight
'Cause I don't wanna fight
No more

How can I live?
When everything that I adore
And everything I'm livin' for
Girl it's in you
I can't dream
Sleepless nights have got me bad
The only dream I ever had
Is bein' with you
I know that we can make it right
It's gonna take a little time
Lets not leave ourselves with no way out
Lets not cross that line
No

I don't wanna fight no more
I forgot what we were fightin' for
And this loneliness that's in my heart
Won't let me be apart from you

I don't wanna have to try
Girl to live without you in my life
So I'm hopin' we can start tonight
'Cause I don't wanna fight
No more

Remember that I made a vow
That I would never let you go
I meant it then, I mean it now
And I want to tell you so

I don't wanna fight no more
(Ohh no)
I forgot what we were fightin' for
And this loneliness that's in my heart
Won't let me be apart from you
(Now I don't want to)
I don't wanna have to try
(No)
Girl to live without you in my life
(Life)
So I'm hopin' we can start tonight
(Can we start?)
'Cause I don't wanna fight
No more

I don't wanna fight no more
I forgot what we were fightin' for
(Ohh and this loneliness)
And this loneliness that's in my heart
(In my heart)
Won't let me be apart from you
(From you no)
I don't wanna have to try
(Don't wanna try)
Girl to live without you in my life
So I'm hopin' we can start tonight
(I'm hopin', I'm hopin')
'Cause I don't wanna fight
No more

So lie
Without you
Without you
