CHORUS:

I'll be loving you forever
Deep inside my heart you leave me never
Even if you took my heart
And tore it apart
I would love you still
forever

You are the sun
You are my life
And you the last thing on my mind
Before i go to sleep at night
Your always around
When im in need
When troubles on my mind
Put the soul at ease
There is no one in this world
Who can love me like you do
That is the reason that i
Wanna spend forever with you

chorus

We've had fun
We've made mistakes
But who'd have guessed that along that road
We'd learn to give and take
Its so much more
Than i could have dreamed
Cause you make loving you
So easy for me
There is no one in this world
Who can love me like you do
That is the reason that i
Wanna spend forever with you

chorus

Girl ill pray youll leave me never
Cause this is the world where lovers
Often go astray

But if we love each other
We wont go that way
So could you pull out the side
Do what it takes to make it right
I love you
forever
No one can tear us apart

chorus X2
