"Over And Out"

There is beauty in forgiveness
Light shines in the distance
I'm stranded letting go

Love is always to be learned for
When all is said and done sometimes
You need to walk alone
And you and I

Come in can you hear me
I'm saying I'm sorry
There is so much that I want you to know
I'm counting on someday
You wake up and see me till then will let it go
I'm over and out

There's nothing to regret now
All that has been lived out
Are the ones that lead us home

Life is always ever changing
When all is said and done sometimes
We need to move alone
And you and I

Come in can you hear me
I'm saying I'm sorry
There is so much that I want you to know
I'm counting on someday
You wake up and see me till then will let it go, oh
I'm over

Can't keep going around
Round and round the same old things
Can you see me now
Now I'm over and out

Come in can you hear me
I'm saying I'm sorry
There is so much that I want you to know
I'm counting on someday

You wake up and see me till then will let it go
I'm over and out
