When everything is war
You're living in a battle zone
When everything is torn
And the world is cold as stone
Don't lock all the doors
Close your heart
Shut me out of your life
And throw all the keys
Chorus:
Will you reach out?
Will you reach out for me?
When life holds you down
Like you're drowning at sea
I'm the hand that you need
'Til you land at your own destiny
Reach out for me
When everything is wrong
Distant cries still reach my ears
When ever you're alone
Doesn't mean that love's not here

Unlock all the doors
And decide in your mind
This is not how you want it to be
Chorus
Reach out
Will you reach out for me?
So don't hide
I'm right here
By your side
Shelter you
From your fears
From your fears
Oh your fears
Oh your fears
I won't be
Far away
I will pull you in
Out of the rain
Chorus
Reach out
Will you reach out for me?

Reach out for me
Iâ€™m the hand that you need
Â‘Til you land at your own destiny
Reach out
Reach out for me
