Sometimes I wanna leave
I think of giving up on us
I say I'm letting go but when I do
you call my bluff
and even thought you say it's not true
you love to keep me running round in circles
but I wouldn't want it any other way

Cause I'm still here
to walk right through your fires
When I'm not near you
my whole world turns a lie
So if I fight I will fight to be with you
And if I die let me die because of you

You try to push away
then try to bring me back again yeah
It's so incredible
how you can always mess with my head
Sometimes I wish I didn't need you
I wish you didn't have a look that breaks me
But I just can't seem to keep myself away

Cause I'm still here
to walk right through your fires

When I'm not near you
my whole world turns a lie
So if I fight I will fight to be with you
(to be with you)
And if I die let me die because of you

yeah yeah yeah

Oh! cause I'm still here! I'm still here

and even thought you say it's not true
you love to keep me running round in circles
but I wouldn't want it any other way

Chorus

Yeah, I'm still here
