I'm too tired to go to bed  
I'm too wired for anything except  
The crossfire in my head  
It's been a long night  
'Cos I took all I can take  
Â'Til the walls shook and the windows break  
I want to phone you but it's far too late  
It's been a long night

Chorus:  
So talk me down  
Talk me down  
Talk me down  
Talk me down

'Cos we fought an endless war  
Â'Til we forgot what we were fighting for

Now we can't stop  
But we can withdraw  
In the long night

Chorus

The light flashed and I thought I'd died  
My life passed before my eyes  
It went too fast for the love I feel  
Inside

Chorus

Down, down, down  
Lay your head near mine  
Tell me that it's all fine  
Love me while there's still time  
It's been a long night
