*[Shane:]*

I've made up my mind, I'm gonna follow,  
I'm no longer blind, no longer hollow,  
Since I met you, my life is upside down,  
Ohh yeah,

They say,  
Once in a lifetime, out of the blue,

*[Mark:]*

Here comes an angel, I know it's you,

*[All:]*

Yes I'm ready to go through the tunnel of love,  
Yes I'm ready to be all you're dreaming of,  
So I swear to you now and to the stars above,  
Let's walk through the tunnel of love,

*[Bryan:]*

I want you to know,  
For the first time, I know where to go,  
For the first time, I'm not afraid,  
To open up my heart,  
Oh no,

They say, Once in a lifetime, out of the blue,

*[Bryan:]*

Here comes an angel, I know it's you,

*[All:]*

Yes I'm ready to go through the tunnel of love,

Yes I'm ready to be all you're dreaming of,  
So I swear to you now and to the stars above,  
Lets walk through the tunnel of love,

Light of my life keeps shining baby,  
Light of my life...

*[Shane:]*

ohh

*[All:]*  
Once in a lifetime,  
Out of the blue,

*[Mark:]*  
Here comes an angel, I know it's you,

*[All:]*  
No one has touched me like you,  
Yes I want you baby,  
No one no no one

*[Mark:]*  
has loved me so true,

*[All:]*  
Yes I'm ready to go through the tunnel of love,  
Yes I'm ready to be all you're dreaming of,  
So swear I to you now and to the stars above,  
Let's walk through the tunnel of love,  
Oh yeah,  
So I swear to you now and the stars above,  
Let's walk through the tunnel of love.
