(Bryan)

Oh yeah yeah
Yeah yeah yeah

Nobody knows me
Yet everyone knows my name
Some people judge me
Not knowing that I'm the same

Thanks for the offer
But I keep my old friends always
But then I get lonely
Counting the endless days

Are you here for me at all?
Do you care for me at all?
Well, this time now I know
I ain't standing alone no more

Cos all I want is love
Someone who can share the pain I feel
And the eyes that stare
Won't stare at me no more
Cos all I need is time
Time for me to open up and show
The person I am
The person you think you know
You don't know
You don't know

(Mark)

Some heartfelt emotion
Creeping from deep inside
Cause being this person
Is all I've got left to hide

Were you here from me at all?
Did you care for me at all?
Last time I was told
I ain't standing alone no more

All I need is love

Someone who can share the pain I feel
And the eyes that stare
Won't stare at me no more
And all I need is time
Time for me to open up and show
The person I am
The person you don't know
You don't know
You don't know

You don't know...
