And now I stand, forsaking pride The time has come to  
turn  
The tide I've drawn the line, I've built my wall And I  
won't let  
One more dream fall  
All days of innocence, I surrendered long ago  
Where's the wind that takes me higher The had that  
offers  
Peace The heart that still gives shelter  
I wanna go back to find The innocent days that I left  
behind  
I still believe they're holding ground Behind the Battle  
Lines  
If it takes a million miles over land and sea Gonna  
swim in  
The rivers of purity I know they still run free Behind the  
Battle Lines  
One more mountain I must climb I've scaled so many in  
my  
Time And if the sun goes down on me The light of truth  
will  
Help me see  
All days of innocence, I surrendered long ago  
Where's the voice that speaks of mercy The eyes that  
are not  
Blind The love that's never ending  
A vision of eternity Oh, Lord! Never take the dream  
from me  
Here I am, standing at the edge of destiny
