Dirty linen, in the cupboard Don't want it on my back  
Muddy  
Water, in the system The monkey jumped the sack  
I'm looking for future love, who can I turn to? Looking  
for  
Paradise, in the heartland Looking to everyone, who  
could be  
Anyone Better turn around, turn around Don't drive that  
Hammer down  
Rise up - in a Sea Of Mercy Stand up - with the tree of  
life  
Rise up - in a Sea Of Mercy Better gimme some, gimme  
some,  
Gimme some air Sea Of Mercy  
Never had no shoeshine, worth the money Too much  
dust  
Around Fishing with the wrong line, no milk and honey  
In  
This dried up ground  
I'm looking for sanctuary, where can I turn to? Looking  
for  
Shangri-La, in the heartland Looking to everyone,  
father  
And mother's son Turn around, turn around Lay that  
weapon  
Down  
Now I can sleep, with my conscience for a pillow 'Cause  
this  
Tomorrow, I'm sure I'm gonna see If there are streams,  
that  
Only dreamers follow Then say goodbye, goodbye to  
me
