I'll find
I said I'll find you
in my dreams at night
places where we've never met
cause I don't know where the hell I'll find
but I can hear from here your laugh
it's a no use, this situation
got me out of bed a few times
but I'm drinking for my circulation
only then I see you behind

I said I'll find
little sign, just enough to keep on the way
find, find, liquor and wine
so much words there's nothing to say

I said I'm leaving
still don't know how
haven't yet decided where
yeah, I'm dreaming
of a private plane
to come and take me over there

I said I'll find
little sign, just enough to keep on the way
find, find, liquor and wine
so much words, there's nothing to say
