No matter how hard you try  
You can't stop me now  
No matter how hard you try  
You can't stop me now  
Yes, my skin is black  
But that's no reason to hold me back  
Oh think about it, think about it,  
Think about it, think about it  
Think about it, think about it, think about it.

I have wants and desires just like you  
So move on aside cause I'm a-comin' through  
Oh no matter how hard you try you can't  
Stop me now  
No matter how hard you try you can't stop me now.

Yes, your skin is white  
Does that make you right  
Walk on and think about it, think about it  
Think about it, think about it  
Think about it, think about it, think about it.

This is a message, a message to y'all  
Together we stand divided we fall  
Black is a color just like white  
Tell me how can a color determine whether  
You're wrong or right  
We all have our faults yes we do  
So look in your mirror  
What do you see, two eyes a nose and a  
Mouth just like me  
Oh your eyes are open but you refuse to see  
The laws of society were made for both  
You and me  
Because of my color I struggle to be free  
Sticks and stones may break my bones  
But in the end you're gonna see my friend  
No matter how hard you try you can't stop me now  
No matter how hard you try you can't stop me now.
