Even an angel can end up falling,  
Don't you cry because you're crawling  
Start again, it's a beautiful morning  
For satellites

Well, they said it was time for change and rise  
And time, everybody's making it but you  
And they told you to trust and dreaming  
But it's hard to believe a feeling that you just don't  
know

Even an angel can end up falling,  
Don't you cry because you're crawling  
Start again, it's a beautiful morning  
For satellites (x2)

You will try in a walk on water  
In the end everybody watch all over you  
Now you don't like the sight of mirrors  
'Cause you're scared of the face we'll see  
We'll look just like before

Even an angel can end up falling,  
Don't you cry because you're crawling  
Start again, it's a beautiful morning  
For satellites (x2)

All I want is you  
Let me take you back where you else belong with  
All I want is you  
Here we'll be alright if you come along  
You will never gone

Even an angel can end up falling,  
Don't you cry because you're crawling  
Start again, it's a beautiful morning  
For satellites (x3)
