Saying goodbye has never been this hard. Someone
like you only comes along never (you never come
around). It's time to turn back to back; I can't help, only
watch you walk away. I blink, you're gone (goodbye).
Saying goodbye has never been this hard. Someone
like you only comes along never (you never come
around). It's time to turn back to back; I can't help, only
watch you walk away. Hands embrace for the last time,
the scarlet twilight fades. I've already said goodbye.
kiss the stars for me. Until we meet again. Kiss the
stars for me. Scarlet twilight fades
