"Strangers In The Night"

Strangers in the night exchanging glances
Wond'ring in the night what were the chances
We'd be sharing love before the night was through

Something in your eyes was so inviting
Something in you smile was so exciting
Something in my heart told me I must have you

Strangers in the night
Two lonely people, we were strangers in the night
Up to the moment when we said our first hello little did
we know
Love was just a glance away, a warm embracing dance
away

and

Ever since that night we've been together
Lovers at first sight, in love forever
It turned out so right for strangers in the night

[instrumental-first three lines of chorus]
Love was just a glance away, a warm embracing dance
away

Ever since that night we've been together
Lovers at first sight, in love forever
It turned out so right for strangers in the night

[Dooby-doooby-doo and other scat to end]
