Simple words  
Would never do  
But how could words  
Explain my views  
On life, in love  
Mysterious you?  
But still I try  
My feeble lines  
To let you hear  
What's on my mind  
And maybe now  
You'll finally see

I hope you'll see  
I hope you'll see  
I hope you'll see

Your eyes are dark  
Your soul is bright  
With you I'd spend  
A thousand nights  
Without your words  
I feel alone  
Within' your heart  
I make my home  
Come with me  
Make us known  
For everyone  
To finally see

I hope they'll see  
I hope they'll see  
I hope they'll see

Til death do us apart  
I'm yours, I swear and  
'Til death do us apart  
I'm yours  
I swear I'm yours

Take these words  
From me again

Take these words  
From me again  
Take these words  
From me again

And take away  
My heart is yours  
My breath is yours  
I swear it's yours  
And take away  
My heart is yours  
My breath is yours  
I swear it's yours

I always knew  
I still do  
That you and me  
Would be me and you  
I always knew  
I still do

And take away  
My heart is yours  
My breath is yours  
I swear it's yours
