Yo my name is Chappy  
When I say it, IÂ'm happy  
If I say it to other people  
They just start laughing

Bridge:

Why are you crying?  
Maybe itÂ's because of what I did!  
Do you want to know what I did?  
I just gave you a thing or two or three!  
I just made you feel the pain I am experiencing!  
Did it hurt?

Chorus:

Oh, it must have given you a disgrace!  
Because you have your head in your hands!  
You also have tears running down your face!  
Why are we screaming a lot? Because weÂ're one of  
those bands!

I think you need a KleenexÂ™ !  
To stop those tears from poring out!  
WhatÂ's going to happen next?  
I just know things are going to go south!

Bridge, Then Chorus x2
