(P. Kirtley)

It's only been a few weeks
And I tell you baby
I'm goin' to pieces
I need your love and how
I fell into her arms
And just like a kid
I was shy and I was awkward
It's been too long since I saw her
And touched her and wooed her
Can't you help me now
Cos nite and day I just pine for you.
I want a little lovin' lovin' lovin' lovin'
Yes I do
Don't you know I'm just waiting
Out for you
Singin' just for you.
I was captured by her charms
Yet knowing well the nature of dreaming
I knew about the fall
But baby I'm crazy in love with you
Ooh can't you help me now
Cos nite and day
I just pine for you.
I want a little lovin' lovin' lovin' lovin' yes I do
Don't you know I'm just waitin' out for you
Singin' just for you
