There was this empty shell  
And I called it my life  
Sometimes it felt like hell  
But it was easy to survive

Time was like a drain  
That didn't flush me down  
There was no room for pain  
And not one chance to drown

I want to cut off all my ties  
I need to break through all the ice  
I want it to evaporate  
And cease to be a surrogate

I want to raise a thunderstorm  
I want to bring down all the rain  
I want to be the flood that cleans  
I want to know what my life means

I want to cut off all my ties  
I need to break through all the ice  
I want it to evaporate  
And cease to be a surrogate

I want to find the strength I need  
To truly follow my own lead  
I want to find my destiny  
And know my own identity

Identity, identity  
Identity, identity  
Identity, identity  
Identity, identity

I got up every day  
To do as I was told  
I felt like a piece of clay  
For someone else to mold

My suit fit me just fine  
And my shirt was always clean

My thoughts, they were never mine  
But there was no need to scream

I looked left and right  
And they were all the same  
I lay awake at night  
And tried to recall my name

I got up the next day  
And took a long last look  
There was no time to stay  
On the first page of this book

I want to cut off all my ties  
I need to break through all the ice  
I want it to evaporate  
And cease to be a surrogate

I want to raise a thunderstorm  
I want to bring down all the rain  
I want to be the flood that cleans  
I want to know what my life means

I want to cut off all my ties  
I need to break through all the ice  
I want it to evaporate  
And cease to be a surrogate

I want to find the strength I need  
To truly follow my own lead  
I want to find my destiny  
And know my own identity

Identity, identity  
Identity, identity  
Identity, identity  
Identity, identity, identity

I want to know who I am  
I want to know who I am  
I want to know who I am  
I want to know who I am

I want to know who I am  
I want to know who I am  
I want to know who I am  
I want to know who I am

I want to know who I am  
I want to know who I am  
I want to know who I am

I want to know who I am

I want to know who I am  
I want to know who I am  
I want to know who I am  
I want to know who I am

I want to know who I am  
I want to know who I am  
I want to know who I am  
I want to know who I am

Identity, identity  
Identity, identity  
Identity, identity  
Identity, identity

Identity, identity  
Identity, identity  
Identity, identity  
Identity
