If I had a wish, my wish would be this

That you'd be here with me

But that's a false fantasy

Cuz while I'm singing this song,

You're laying right there in his arms

In your eyes I'm the past but im left here to ask

Chorus:

Do we have a chance for our love?

Do we have a chance for our love?

Do we have a chance for our love?

Do we have a chance for our love?

Think back in your mind when we made love the very
fist time

You had never been touched and we love each other so
much

So many thankful memories that I carry you and me

Reminding me of what's gone with no hope to go on

So tell me..

Chorus

I wanna know girl... girl girl girl

Girl I love you I love whether you care

Everyday, night and day I prey

Girl, I love you I love you whether you care

God knows, I try to make you feel the way I do

What more can I ask what more can I ask for

I tried to make you feel the way that I do
