

## Whistle "Right Next To Me"

Visit "[Right Next To Me](#)" on MotoLyrics.com

Goodbye, it's time for me to go.  
I'll call you in the morning,  
So I can let you know,  
The way I really feel girl,  
To put your mind at ease.  
If I don't then who will?  
If I make it, I still,  
Want you to be there with me.  
You say, you love and then you learn.  
If you've learned to love me baby,  
You'll wait 'till I return.  
I know it hasn't been easy,  
To love a man like me.  
Someday, if we try,  
There will be no goodbye,  
And we will live happily.

'Cause I'll be there one day,  
And you will be right next to me.  
I'll be there one day,  
And you will be right next to me.

Hey there,  
Will you be where I am?  
Will you be by my side girl?  
Or with another man?  
(Will you be next to me?)  
Just wait a little longer,  
Girl I don't know how long.  
Just try to understand,  
This is not what I planned,  
I'm sorry this had to be.  
Girl, oh-girl every man needs a woman.  
You're the woman that I choose,  
And I can't afford to loose you, baby.

I'll be there one day,  
And you will be right next to me.  
I'll be there one day,  
And you will be right next to me.

I swear to the world,

You'll always be my girl.  
Just say you'll be,  
Right next to me
