K. Craddock/C. Gibson)

Bright city street lights

Burn in the black night

Unlike the moonlight on a lake

Darkened apartments

Blinds hide their windows

Turn on the room light anyway

Dark chilly night folk

Paying for ladies

Unlike the ladies of the day

As the day turns grey

Darkness why did you kill my morning

Why did you fill my apartment with night?

Evening, what did I do to deserve you

Who do you share your department with?
