Goodbye ma' friend  
Goodbye everyone  
I will keep stand  
Don't be afraid  
We can be together  
We can stand in forever

Don't be afraid  
Maybe someday  
We can see us again  
Some place, somewhere else

Let your tears go  
The years will make them stone  
Don't forget these days  
You know we can't stay

Goodye ma' friend  
Goodbye everyone  
I will keep stand  
Don't be afraid  
We can be together  
We can stand in forever

Every walk, every time we talked  
Time flies, we passed a lot of times  
Don't let time go, if not good times so fast, fast

The best thing in your life  
Can pass in the little time, that time can pass fast, fast

Goodye ma' friend  
Goodbye everyone  
I will keep stand  
Don't be afraid  
We can be together  
We can stand in forever
