Am I your Hero?  
Am I what you want?  
Can I have your life?  
I think I can't  
Then I just think you let me scape

And I run away  
From your gate  
I'm not your trouble  
I'm your horror

They trap me  
I did a mistake  
Would they let me free  
Go afraid, I'm not  
Then I just think you let me scape

And I run away  
From your gate  
I'm not your trouble  
I'm your horror

I'm not your enemy  
You can't stop me  
Then I just think you let me scape

And I run away  
From your gate  
I'm not your trouble  
I'm your horror
