[Verse 1]

Wish I could drive a whip, take you 'round the city
Cruise along the strip, and pick up somethin' pretty for
you
Wish I could pull up to the club with a nice lookin' Harley
But that might be just a little too early
Is there a shoppin' mall, take you to the Taj Mahal
Maybe the islands, only the finest for you
I know I'm young but I ain't even tryin' to fool ya
What I'm sayin is that girl I gotta-

[Chorus]

Future, and when I'm older Imma know just what to do
with ya
'Cause the futures lookin' bright so come into the light
And everything that's wrong I'll make it right, 'cause
girl
I got a future, girl I got a future.
Girl you know I got a future, future, future, girl I gotta
future.

[Verse 2]

Wish I could meet your mom, we'd settle down easy
easy
Wish that I could tell you that I love you girl I mean it I
do
Wish I could kick it with your friends on a regular basis
But we're from two different worlds, I gotta face it

I'm still a boy, and, you need a real man
I'm gonna get there, yeah I know I sure can
I know I'm young but I ain't even tryin' to fool you
What I'm saying is that girl I gotta-

[Chorus]

[Verse 3]

One day, I'll be older and wiser yeah
One day, I'll be somebody's provider yeah
One day, I'm gonna be able to do,
All of those little things I been singing to you
One day, I'll be ballin', drivin 'stead of walkin'

Take you where you want and take you shopping in the
mall and
Whoo!
I know I'm young but I ain't even tryin' to fool ya
What I'm sayin' is that girl I gotta-

[Chorus]

I got a future, girl, [x3]
I got a future! Girl! (Let's get it)

(I got a future!
And when I'm older Imma know just what to do with ya!
'Cuz the future's lookin bright so come into the light
and everything that's wrong I'll make it right,
Cuz girl I got a future)
