Aye shawty what's you name, what's your number  
You heard about my age well forget that number  
I can put the thrill in your life  
I can make you dreams come to life  
I hear you talking and I know I'm what you like

Swagga on a hundred thousand million and beyond  
I see you talking to ya friends looking at me in the  
coner of ya eye  
You know I would rather be with you no one would  
matter  
Cause I I hear you talking and I know what you like

I'll take off my shades show you my eyes  
I can see right through you girl I know you aint shy  
Girl put in work over time  
See I got you talking I know yall girls be talking
