[Hook]

And we ain't gotta rush alright
Baby we can chill and snuggle up
And girl you lookin' good alright
I put that on everything
Baby you're the one
And whether it's Christian Louboutin(I)
Red bottoms or some sneakers
It don't matter girl you're doin' your thing
More beautiful than the Mona Lisa
All the girls wanna be ya
I think you are the one for me
Cause I'm lookin for you girl
