My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it

I was lonely once in this great big world
Just a nowhere man without his girl
When one day she came my way
She smiled at me as if to say

My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it

She's the only one makes me feel so good
I believe my love so I knock on wood
All my fears seem to fly away
She looks at me as if to say

My baby loves love, my baby loves lovin'
She's got what it takes, whoa

No more lonely nights just waiting for the telephone to
ring
No more lonely days my baby's taken care of
everything
I'm telling you now that

My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it

She's the only one makes me feel so good
I believe my love so I knock on wood
All my fears seem to fly away
She looks at me as if to say

My baby loves love, my baby loves lovin'
She's got what it takes, whoa

My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it

My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it

My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
My baby loves love, my baby loves lovin'
She's got what it takes and she know how to use it
