Doh doh dohÂ... Doh doh doh doh

Cruella dying in the room full,  
Wants to be a spoon fullÂ...  
Close my eyes, and stare,

Elementary, what's in this I can see.  
Twenty pounds of mercy come and ease the painÂ...  
I'm the sun - the sun and sea,  
A prophecy.  
The honest way when you're trying to please  
Cast away your lying face

A careless breath  
Into your ear  
I medicate what I wanted to hear  
Hold your hands where I can see  
Cos I can see your eyes and your lips  
Curl and twist curl and twist  
And your eyes and your hips  
Curl and twist curl and twist  
And your eyes and your lips  
Curl and twist curl and twist  
Curl and twistÂ...

Doh Doh Doh Doh Doh Doh...

Gather round my apparition,  
Autumn is commissioned  
Melody complain  
I get my sun  
Sun and sea  
Prophecy  
The honest way when you're trying to please  
Cast away your lying face.  
Cos I can see your eyes and your lips  
Curl and twist curl and twist  
And your eyes and your lips  
Curl and twist curl and twist  
And your eyes and your hips  
Curl and twist curl and twist  
And Your eyes and your lips

Curl and twist, Curl and twist!

Up above one time  
Trouble is I feel so dirty  
Kill that dog, a testament forever,  
Touch up above, one timeÂ...  
Trouble is I feel so dirty  
Kill that dog, a testament forever,  
Touch up above, one timeÂ...  
Trouble is I feel so dirty  
Kill that dog, a testament forever,

And your eyes and your lips  
Curl and twist curl and twist  
And your eyes and your lips  
Curl and twist curl and twist

And Your eyes (there's a wolf amongst your flock) and  
your lips  
Curl and twist, Curl and twist (stop him feeding from  
the babies cot)  
And your eyes(a dying dog, a fellow man) and your lips  
Curl and twist curl and twist (lost at sea when he was  
promised the land)
