We ain't living our time in a video  
Ain't winning our fights, ain't be so strong  
I'd been never young in this world of pain  
Blasting out the day you got away  
Money for nothing that's what they dream  
Teaching us the way you know what it means  
Hearing all the day their screams so loud  
They're pushin' in our mind only what they want.  
The day is just began and i'm fuckin' tired  
I can't bear this pain i can't stand this man  
He's showing us the way what's right to do  
But i know very well it's not the maximum  
Money for nothing that's what they dream  
Teaching us the way you know what it means  
Haering all the day their screams so loud  
They're pushing in our mind only what they want  
Oh can you see a thunder in this lonely place  
Can you feel the wind that blows you away ?  
It's goin' to affect all our tiring lives  
(it) makes me wonder if it's worth it to carry on  
Oh  
Away  
Now you're gone  
You'd better run  
'Cause we don't know  
What's right to say  
What will be fair  
In this darkned world  
Before i go just take my hand and smile again  
'Cause we can't stand to face it any more  
'Cause we don't know if it's worth to carry on  
And we've wanted so much to change it all alone.  
Can you see a thunder in this lonely place  
Can you feel the wind that blows you away here  
It's goin' to affect all our tiring lives  
Makes me wonder if it's worth it to carry on.
