Push my foot through the door,
So it don't close anymore.
Water - you speak endless water,
Sounds like nothing at all.
Punch and Judas in tandem,
Puppet or partisan.

Speak of the truth,
I don't think you ever do.
It's all so crude

Don't say gone

Callibrated Arkela,
Wings of guardian.
Kaleido mathematical,
Man-boy,
Chose a terminal doom,
I said 'are you my kind',
I said are you mah kind.

Jewels in your eyes,
You're beautiful when you cry,
Makes me die.

Don't say gone
