Sanitize the party
With some sick disguise
Wearing different colour
Sulphate eyes

Chanticleer, advancing
A competition taste
Homo Alpha Delta blow to face

No-no don't jump him now
It might be you next
Know what it is to lose consciousness

Take that chance
One More Time
Chanticleer- London's mine

Praise them kids
Decorate that line - London's mine

She had a nightmare
On a girl I know
She crashed your dream,
Just to see her show

You woke me crudely
From a utopiate sleep
Sadness comes the morning
And leaves you weak

Take that chance
One More Time
Shout it clear
London's mine

Praise them kids
Decorate that line
Stick that trust so dangerous
Picket's off line-
London's mine

Shake, shake your own fist

Resist the wind of pull
Your mind laced with violence kick the walls

Your happy gay abandon
Your lactic acid arms
Electrocuted ether in your lungs

Right Follows Left
Left Follows Right
And all the time I'm thinking
Christ where's my bed
Where's my sleep
My sleep
My sleeeeeeeep

Take that chance
One More Time
Shout It Clear
London's Mine

Praise them kids
Decorate that line
Stick that trust
So dangerous

Whoooooooooaa London's Mine!
