Credit blame
Downward we fall
Immersed in, well closed
Better days, ahead
He says it's alright
It's alright

A little smile
He's asking for it
When he's quiet
Son is too
When he's quiet
He's surrendered

He says it's alright
Risking It all

Busting my brains
The sun and the moon
I'm going to try not to face
This cycle with you
And now turning she said
Away from the Light cos
I'm breaking new ground it's Saturday night
I feel excluded (try to set it up)
I've been excluded (I try to set it up)
Turning my eyes
To fit the disguise
Like I feel for you

I'm just the same as you
We're sucking on the high street cinemas
Met the same answers
She says it's alright
It's alright

A little style ask you for it
When he's quiet
When he's quiet
He's surrendered

He says it's alright

Risking it all

Busting my brains
We're signing a truce
I'm going to try not to
Fake my answers to you
Then turning she said
Away from the lights
At the speed of sound
She's heady with height
I feel excluded (trying to set it up)
I feel a moment (trying to set it up)
I feel excluded (trying to set it up)
I feel a moment (to set it up)

Turning my eyes
To fit the disguise
Like I feel for you

When he's quiet
Gang of five do great speed together
When he's quiet
Go Faster
When he's quiet
It's alright
It's alright
It's alright
It's alright
It's alright (try to set it up)

I feel excluded (try to set it up)
I feel excluded (try to set it up)
I feel excluded (try to set it up)
I feel a moment (try to set it up)

Turning my eyes
To fit the disguise
Like I feel for you
