A proclamation was issued today
By the government of the USA
Up to ninety-nine years in jail
For illegal possession or sale
How can they think they're right when they're wrong
I guess they've never been stoned

It's so nice to be stoned, It's so nice to be stoned
It's so nice to be stoned, It's so nice to be stoned

Marijuana is the killer weed
It's gonna be the end of you and me
So says the TV news report
Excuse me while I take a snort
Let's get together now and take a toke
Of that magic smoke

It's so nice to be stoned, It's so nice to be stoned
It's so nice to be stoned, It's so nice to be stoned

Now bombs and tanks and riot gas
Can't keep you from smokin' grass
Now listen to me brother and I'll tell you true
Marijuana is good for you
Breath deeply

It's so nice to be stoned, It's so nice to be stoned
Gonna sing it from the rooftops yeah
It's so nice to be stoned, So so so niice
It's so nice to be stoned

It's so nice to be stoned, It's so nice to be stoned
Gonna sing it from the rooftops yeah
It's so nice to be stoned, So so so niice
It's so nice to be stoned
