I got struck by lighting and the thunder!
Wildin in the shit from a motha fuckin tripod
Help me, somebody's pullin me under!
Scorcher, flame on the brain, this is torture
Terrible, horrible, sick shit I brought ya!
Sacrifice the virgin, urban I'm splurgin
Split shit, I prefer to bring it like a surgeon
Bombs bombs bombs, bulletholes in the paper
Escape the madness, Onyx, the baddest
Souls of a soldier in the streets of survival
If you try to find the blackness, here's the gun to guide
you
Fumble up, crumble up, under pressure God
It's hard, fuck you broke your tooth playin'
Shiftee! Low down, dirty and grimey
Shiftee! Low down, dirty and grimey
Come and just bust me, peel the real shit!
Drilled through ya ear drum, hell yeah, I'm fearsome!
My equilibrium, is touched with the U.S.G. sickness
Contaminated with slickness
Filthy nasty grungy, tracks of the wretched
I gotta deflect it, crazy desperate, deception
Yeahhh, son, I keep 'em on the run
If you wasn't them two, then you musta been the one!
I'm not a big case, to erase, who makes it my fate
If you wanna be my cousin then you better play it safe
Yo I get real stupid
And you and you and you can't stop me
I'll show ya how
Official niggaz fuck it up
Shiftee! Low down, dirty and grimey
One day I'ma rule the fuckin world, mark my word
I've got the filthiest shit, human ears ever heard!
And even if you wash my mouth out with soap
I'll still be as disgusting and despicable!
Unpredictable, liable to flip my lid!
My moms dropped me on my head, when I was just a
kid!
Back then I lost all my marbles, today I lost my job
So in essence it's armageddon, somebody's bound to
get robbed!
Watch out! It's gonna be you I believe

Put a gun to your face, it's better to give than receive!
I'm more than meets the eye, energize, make your
blood pressure rise
Mad Face ain't no motha fuckin disguise!!
Shiftee!
SHIFTEE! Low down dirty and yeah
SHIFTEE! Low down dirty and grimey
I'll show ya how
Official niggaz fuck it up
