What you talking about motherfucker  
I can see what you got  
You know I'm gonna control the situation  
It's just another way for me to play god  
Spin round quick rock yo body  
You know that I am mister matter of fact  
I don't understand what you got inside yo body baby  
but it makes me want to jack you up  
Jack you up[x4]

This is a heart attack waiting to happen  
Love me hard till I break inside  
For all the people I got something you can suck on and  
it's big and long and dangerous to put inside your  
mouth  
I'll watch you die a thousand times motherfucker  
I'll watch you ungh when you get on top  
I don't understand what you got inside yo body baby  
but it makes me want to jack you up  
Jack you up[x4]

Psycho I'm fucking wasted bam bam my shit is outta  
hand[x2]  
Do you want some of this  
Some of this [x6]  
Wow let's go and don't you come back no more unless  
you want to get some of this  
Let's go and don't you come back no more unless you  
want to get some of this

Come on baby let's go  
You won't regret it  
Come on baby let's go  
I'm not retarded

And now I'm back everybody I really missed you all  
during that bridge  
Gentlemen do not prefer blondes they prefer an  
amazing electric record collection any day of the week  
You fake it every night  
I bet you fake it

I can tell when I look at your thighs  
I don't understand what you got inside yo body baby  
but it makes me want to jack you up  
Jack you up[x4]
