The bass, the rock  
The mic, the treble  
I like my coffee black  
Just like my metal

I can't wait for you to fuck me up  
In a minute, minute  
In a fuckin' minute

I can't wait for you to fuck me up  
In a minute, minute  
In a second

I can't wait for you to shut me up  
And make me hip like badass  
I can't wait for you to shut me up  
Shut it up

I can't wait for you to shut me up  
And make me hip like badass  
I can't wait for you to shut me up  
Shut it up

The bass, the rock  
The mic, the treble  
I like my coffee black  
Just like my metal

The bass, the rock  
The mic, the treble  
I like my coffee black  
Just like my metal

I can't wait for you to fuck me up  
In a minute, minute  
In a fuckin minute

I can't wait for you to fuck me up  
In a minute, minute  
In a second  
I can't wait for you to shut me up

And make me hip like badass  
I can't wait for you to shut me up  
Shut it up

I can't wait for you to shut me up  
And make me hip like badass  
I can't wait for you to shut me up  
Shut it up

I don't buy your body right now  
(right now)

I'm almost over my body right now  
(now)  
I'm on my way to the party right now (right now)

I don't buy your body right now  
(right now)

I'm almost over my body right now  
(now)

I'm on my way to the party right now (right now)

Because the break, the break, the break

I can't wait for you to shut me up  
And make me hip like badass  
I can't wait for you to shut me up  
Shut it up

I can't wait for you to shut me up  
And make me hip like badass  
I can't wait for you to shut me up  
Shut it up
