The time has come at last  
For years we have followed the wake of his perilous  
rule  
Serpent of deception you will fall to your knees  
When this is all said and done  
March my minions for I have freed you from your  
timeless chambers  
I have been dying to see you die  
Among all the witnesses to my last words  
Your pitiful scheme will fail  
You will fail again  
If you only knew the harm I've caused  
In my journey to cleanse you from this earth  
Every first born child I have slaughtered and every  
virgin I have defiled  
Even the blind have seen my blasphemies  
The deaf hears my sacrilege  
Halt! Fallen one I provoke thee  
I created your existence  
I can surely cease you of life  
So kill yourself  
Mindless fool  
Your apprentice has expired  
Banished to the netherworld from which I have  
spawned  
Where is your sense of tyranny  
You can't even keep up with your own kind  
My name is scattered amongst those who have feared  
this day  
I am not who you claim me to be  
Do you know what you have done  
This is what we've become  
I sense your pathetic guilt  
This is what we've become  
How you under estimate the power of denial sickens  
me  
And I reject any last apologies  
This is the last time you hear my name  
But forever I haunt your dreams of agony  
You know my name  
I am the fallen one  
I am all that is evil

I am diabolical  
I am the end.
