Look upon this land  
Full of wealth and splendor  
Still we crave to find a simple  
Answer  
How we live in lies  
Caught in greedy passion  
Won't we realize we're headed for  
Destruction  
Destruction  
Go down Nineveh  
Time has passed you by  
Go down Nineveh  
Breathe your final sigh  
Go down Nineveh  
Beware the Master's cry  
Go down Nineveh  
All of you must die

Listen to the cries  
Of a dying nation  
We must turn our eyes from evil  
Sanctions  
Oh, the Lord is slow to anger  
On a wicked land  
Yet the guilty must pay for all of  
Their actions  
Actions

Go down Nineveh  
Time has passed you by  
Go down America  
Breathe your final sigh  
Go down America  
Beware the Master's cry  
Go down America  
Before your  
Nation  
Dies
