Let all the people dance and sing
Shout out till the mountains ring
Worship the living King
He's coming back again

Believers lift your spirits high
His words are not hollow lies
Look up in the setting sky
He will soar upon the winds
Praise the King
Praise the Lord Of Lords

He's returning, He's returning
He's returning, He's returning
It won't be long, it won't be
Long
Till you see Him with your eyes
Look out for the time is near
The prophecies are becoming clear
Don't live at the edge of fear
He will take His people home
Watch and pray
For that day of days

He's returning, He's returning
He's returning, He's returning
It won't be long, it won't be
Long
Till you see Him with your eyes
For you will see Him with your
Eyes

No it won't be long before Jesus
Comes
He's returning
No it won't be long before Jesus
Comes
He's returning
No it won't, no it won't, no it
Won't be long
He's returning

No it won't. No it won't, no it
Won't, be long
No it won't be long
He's returning
