"Let It Go"

It's an open window
A high flying eagle
This hope in my heart of hearts
It's a whole lot better

To let go with the anger
Those things were tearing us apart
Now I can look into your eyes
With nothing held inside

It's like after the storm
There's a ray of gold
That's how it feels
To let it go

It's like heaven has come
And opened the gates of your soul
To let it go

I got a whole new freedom
'Cause I'm finally seeing
I'm seeing you in the light of love
I'm not gonna judge you

I just wanna love you
There are no walls between us now
Now I can look into your eyes
With nothing held inside

It's like after the storm
There's a ray of gold
That's how it feels
To let it go

It's like heaven has come
And opened the gates of your soul
To let it go

It's like after the storm
There's a ray of gold
That's how it feels

To let it go

It's like heaven has come
And opened the gates of your soul
It's a journey back into innocence
You feel the touch of tenderness

Your heart turns to gold
When you let it go
Let it go
