[Coko]

Baby you can call on me  
Anytime that you feel the need  
And I'll be there in a hurry  
Giving you the best of me

And baby you know I keep it nice and warm to satisfy  
Baby you know that I am always hot for you  
And if there's any kind of love that will exemplify  
My sweetie I have got that kind of love times two

1 - [SWV]

Boy I'll do you all night long  
Do you any way you want  
I will do you all night long  
I wanna please you  
Don't wanna tease you

[Coko]

You can melt in my body  
And I will slowly melt onto you  
Caress your face in my valley  
Let me feel the sweetness of you

[Coko and Taj]

And baby you know I'll keep it special each and every  
time  
I never do nothin once and never quite the same  
And baby you know if there is anything you want from  
me  
I will supply so you can have it your way

Repeat 1

[Coko]

Here's the vibe, there's candlelight  
As I undress for you baby  
A sip of wine, we take our time  
Then I undress you too  
I look at you, you look at me  
And then we both embrace  
And then we just let nature take its place

Repeat 1 to fade
