Someone for me  
Someone for me

I'm here alone on a Friday night  
Waiting here beside the phone  
The TV, radio and me  
Really ain't been getting along

I wish that I could find a way  
And party to the break of day  
And there I'd be sure to meet  
The guy that would be special to me

Then mama comes and asks me  
Why am I dreaming, sitting alone?  
Why not go out and have some fun?  
It's the only way I'll ever find someone for me  
While I am young and seventeen

Someone for me  
Someone for me

I've got to find someone, someone  
Someone for me  
I've got to find someone, yeah

Someone for me  
Someone for me

Now there's a party down at Angie's house  
With people packed against the walls  
I'm sitting in a corner here  
Trying to make sense of it all

And when I least expect it  
Meeting the guy I see in my dreams  
Here he is walking up to me and asking  
If I'd like to come and dance with him  
I think I found someone for me

Someone for me  
Someone for me

I've got to find someone, someone  
Someone for me  
I've got to find someone

Someone for me  
Someone for me

And so I'm finding out that dreams you believe in  
Can come to be  
And now I'm looking up to find the joy and happiness  
Can come to you and me  
At last I found someone for me

Someone for me  
Someone for me

I need somebody for me  
I need somebody for me, someone

Someone for me  
Someone for me, someone for me  
Someone

Someone for me  
Someone, someone  
Someone, someone  
Someone, someone for me

Someone one for me  
Someone, someone for me  
For me

Someone one for me  
Someone one for me

Someone one for me  
Someone one for me  
Someone one for me  
Someone one for me

Someone, someone  
Someone, someone  
Someone, someone for me  
Someone for me

Someone, someone for me  
Someone, someone for me

Someone, someone  
Someone, someone

Someone, someone for me  
Someone for me
