Vb1

I told you to keep your hand to yourself
But you keep riding me
Until I drop you
But you won't come back
Cause you messed up
By me
You keep on apologize
For the stuff in you did
I'm stuck in the middle
While we keep on agree
Well this good bye

Verse1

These goodbye kept on come
To the truth I was ready to see you
This good bye without miss you
I know this got to be crazy (without you)
Cause I know this last I see you
Well this good bye
This good bye to everything
Do right
Hold me tight

Pre chorus

To everything we forget
Because I believe that we see each other again
Hope a chain letter that say I love you
Don't wanna to lose you
If I do who be there to love me . To kiss me, to make
love to me
To smile with me
This mean goodbye

To save myself from your destruction
